YOUR COMPLETE TIMBER & SHEET MATERIALS PARTNER

Member of the
Timber Trade Federation

With a long and proud tradition of supplying quality timber, timber products and services we have established a firm reputation for versatility, reliability and expertise.

It's not simply the quality and range of products, dedicated extensive storage yards and mill facilities, comprehensive distribution network, sophisticated logistics operations or competitive pricing structure that makes us special. What makes Howarth Timber & Building Supplies genuinely different is that we care about the needs of our customers and are totally committed to offering a world-class, personal service.

Meeting our responsibilities
All our products are from legally managed resources in accordance with the latest EUTR regulations and we support industry recognised initiatives and directives, such as FSC® and PEFC.

Timber. Hardwood • softwood • primed/veneered
MDF mouldings • decking • fencing • carcassing timber
structural timber • studding • joinery timber • planed sections
mouldings • linings • casings • roof/ceiling timber battens
cladding • thermally treated timber • laminate, engineered
and solid wood flooring *plus many more*

Sheet materials. Traditional floor grade chipboard • MDF
internal & external plywood • fire retardant boards • insulation
boards • shuttering plywood • block boards • specialist veneer
boards - Finnish birch, phenolic faced • OSB *plus many more*

Finishing. Cross cutting to size/length • timber furring • timber
fillets • sheet materials cut to size • specialist machining to
individual requirements • primed • painted • stained • oiled,
brushed to enhance grain • wide variety of materials and
species • *your materials, how you need them!*

High performance thermally treated hardwood cladding solution

- Extended lifetime, higher dimensional stability and lower equilibrium moisture content compared to untreated wood
- Environmentally friendly alternative to tropical hardwoods
- Suitable for wet rooms*
- No need for maintenance or surface treatment
- Will silver grey (oxidise) in a more uniform manner than normal timber cladding
- Treatment eliminates most insect attacks and rotting of timber normally caused by fittings
- FSC® certified on request
- Can be painted or stained

*Adequate ventilation must be provided

LUNAR**DECK**

THERMORY-ASH

High performance thermally treated hardwood decking solution

- Available in a variety of profiles
- Can be installed traditionally using visible fixings or using hidden clip fixing systems via the products pre-grooved finish
- Thermal treatment improves stability and durability (class 1), whilst helping to eliminate the chance of rot
- Suitable for use in and around pool areas*
- Compared to untreated wood, resistance against mould and rot is considerably improved
- Treatment eliminates most insect attacks and rotting of timber normally caused by fittings
- FSC® certified on request

*Adequate ventilation must be provided

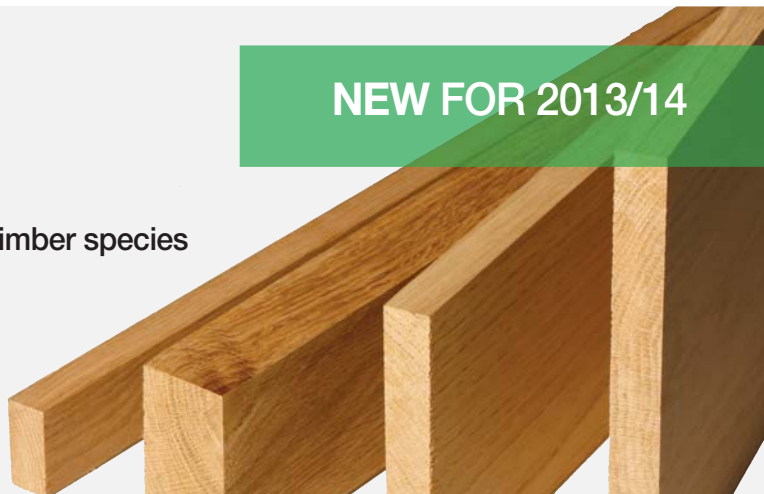

inspirational

oak collection

A range of products, celebrating the nation's favourite timber species

inspirational

oak doorlinings

Adjustable to fit any standard size door, for a perfect finish every time

- 20 minute assembly!
- Off the shelf availability. No waiting weeks for bespoke doorlinings
- A quality upgraded finish rather than simple white painted softwood linings
- No rip sawing, no planing, no sanding down, no making good...
- Invisible fixings
- Real White Oak on solid MDF base

Don't forget we also have an extensive range of high quality Oak internal doors, ask for details.

YOUR MATERIALS. JUST THE WAY YOU NEED THEM

Inset images shown are bespoke primed MDF profiles which were manufactured to customer's own design specifications.

Based on years of experience, Howarth Timber & Building Supplies specialises in creating bespoke timber and sheet material solutions to exact specifications.

Cutting facilities allow us to provide a truly bespoke service, from a traditional profile to match a period interior, to a completely new design for a modern housing estate.

Produced to consistent and quality assured finishes, our production processes deliver minimal wastage.

Whether you simply need a quantity of MDF to a certain size or a fully bespoke internal mouldings solution you can be sure of Howarth Timber & Building Supplies renowned reliability and customer service.

Finishing. cross cutting to size/length
timber furring • timber fillets • sheet materials • cut-to-size • specialist machining to individual requirements...

*Dependent on specification, ask for details.

Our nationwide branches supply legally managed resources in accordance with the latest EUTR regulations and industry recognised initiatives, including FSC® and PEFC. The latter allowing us to provide a full Chain of Custody solution...

Helping you meet your environmental aims and responsibilities Howarth Timber & Building Supplies has achieved Chain of Custody certification covering all of the company's divisions, providing compliance with government specifications for timber from legal and well-managed sources as well as meeting the requirements of the construction industry's independent third party audit organisations.

With a clear local community focus and strong economic and social ethic, Howarth Timber & Building Supplies is proud to be approved suppliers for the PfH (Procurement for Housing scheme) and various other government backed procurement schemes.

We are constantly reviewing and developing the way we work in an effort to ensure our own Carbon Footprint is reduced and the impact we make on the environment is a more positive one. Innovative energy saving initiatives, including electronic ordering and billing, have recently been implemented within all Group companies.

It is our intention to keep reviewing and, where possible, lowering our Carbon Footprint with the overall aim being to reduce our impact on global warming and support the government's own initiative.

The Howarth Timber Group is able to provide a complete Chain of Custody (CoC) consultancy service through its dedicated Training & Q.A. Manager. Up to date and straightforward information on all issues relating to CoC, Government Policy, Central Point of Expertise on Timber Procurement (CPET), advice, guidance and simple steps to achieving Chain of Custody accreditation for your organisation are all available. For further information contact your local branch.
