screws back out easily
for board replacement

PEACE OF MIND...
guaranteed against rust and
corrosion for the life of the
project*

FLEXIBLE...
systems available for both
trade professionals and
DIY enthusiasts

Welcome to the revolution...

CAMO™

HIDDEN DECK FASTENING SYSTEM

Hidden in the side of the board, the patented CAMO deck screws create a beautiful, fastener-free deck surface. Easy to install using either Marksman tool, CAMO secures solid or grooved deck boards directly to the joist, reducing board movement.

No pre-drilling is required, and screws back out easily in the event a board needs to be replaced. CAMO deck screws are designed for use with CAMO Marksman tools only, and come with a Limited Lifetime Warranty that guarantees against rust and corrosion for the life of the project.

The CAMO hidden deck fastening system works on any treated timber, hardwood, cedar, composite or PVC deckboard. CAMO deck screws and a CAMO Marksman tool combine to deliver a fastener-free deck surface at a price that makes getting the job easy and installing the deck even easier. The system includes:

- CAMO Hidden Fasteners
- CAMO Marksman Pro & Marksman Pro NB tools
- CAMO Driver Bits
- CAMO Clearing Tool

This revolutionary deck installation solution is now available from Howarth Online
