TIMBER QUALITY SINCE 1840

The Howarth Timber Group has been established for over 165 years' and has built a reputation for industry experience, product quality and service. The UK's largest privately owned and operated timber group, the company is committed to worldwide environmental policies and is a founder member of the Forests Forever Campaign, encouraging the use of sustainable resources.

A Quality All Round Service

With customers ranging from the local builder and renovator to major national house builders, Howarth Timber & Building Supplies is uniquely qualified to meet your moulding requirements.

Through several dedicated timber engineering and manufacturing divisions and a nationwide network of 26 branches, Howarth Timber & Building Supplies offers a complete timber service from importing, engineering, and merchandising, to timber frame, roof truss, and timber window manufacture.

MDF Mouldings

The mouldings manufacturing site at Howarth Timber & Building Supplies Ashton is fully computerised and you will find our customer service second to none. Added to our expertise and technology, you will find Howarth Timber & Building Supplies to be the best all round choice for MDF mouldings.

Increasingly the choice of architects, builders and property developers, MDF mouldings are a cost effective and versatile alternative to traditional timber mouldings. The growth in popularity has led to great demand from all construction sectors - private, commercial, and the public sector. MDF mouldings can be found in hotels, leisure facilities, hospitals and schools, whether in older buildings lovingly restored to original plans, or in modern design-led and ecologically friendly developments.

Top quality MDF mouldings are produced at Howarth Timber & Building Supplies Ashton production facility, both to standard and bespoke specifications. Manufactured from specially formulated, moisture resistant medium density fibreboard, Howarth Timber & Building Supplies mouldings are profiled using the latest high speed moulding machinery, and mechanically sanded. Computer-controlled coating, drying and de-nibbing ensures a premium product ready for on-site finishing.

Standard Profiles

A comprehensive range of standard mouldings is available to a consistent and quality assured finish. Our production processes deliver minimal wastage with no rejects. Added benefits of our modern systems are reduced product shrinkage, and no warping or twisting of the finished mouldings.

Bespoke Profiles*

Based on years of experience, Howarth Timber & Building Supplies specialises in creating bespoke solutions to precise specifications. A computer-controlled cutting machine allows precision cutting of sheet MDF to any width desired, providing a truly bespoke service. Whether you are looking for a traditional profile to match a period interior, or a completely new design for a modern housing estate, our staff work with you to create the exact style you need.

Howarth Timber & Building Supplies takes its environmental responsibilities seriously. All timber used in the production process is fully Chain of Custody accredited.

*Please note that minimum order quantities apply to the bespoke profile service.
