THE COMPLETE COLLECTION 2020

**WE PUT
UNRIVALLED
ATTENTION TO
DETAIL INTO
EVERYTHING
WE DO.**

WELCOME

We are thrilled to present an updated brochure displaying our new 2020 range.

Our collection offers internal and external doors, hardware and accessories to suit all styles and to make the most of your interior.

From a traditional oak collection to contemporary colours, we have something for everyone. Our on-trend Manhattan collection is becoming one of our most staple ranges, as well as the popular Vancouver and Mexicano designs.

Whether you opt for a premium, traditional or modern finish for your home, we're confident our doors will create your perfect space.

With almost 40 years of experience and unparalleled attention to detail, our doors stand the test of time and our commitment to quality and a high level of service remains firm.

With LPD, you can always expect more than just the door.

A stylized, handwritten signature in white ink, likely belonging to James Gordon, the Founder and Chairman.

Collection available on pages 38-39 and 76

Oak

...MORE CHOICE

REIMS OAK

A unique diamond design gives the Reims collection a sophisticated appearance which will add a touch of class to your home. Now available in pre-finished oak and room dividers.

- Pre-finished Oak colour
- Design formed using decorative beading
- 4 Styles to choose from
- A fuss free option which is ready to hang

Collection available on pages 47 and 121

TRIBECA REEDDED

An industrial and modern door with a retro twist. Featuring a new, glazed design which will allow light to shine through into your home whilst at the same time, preserving your privacy.

EXPECT MORE THAN JUST THE DOOR

VIEW THE COMPLETE RANGE AT LPDDOORS.CO.UK

MONTREAL

A new design for LPD, the Montreal features square cut, vertical grooves in an unusual pattern. This contemporary door will give your home a fresh, on trend look.

ONLY

A noteworthy design created using decorative beading, this door will become a stand-out feature amongst your internal space.

EXPECT MORE THAN JUST THE DOOR

VIEW THE COMPLETE RANGE AT [LPDDOORS.CO.UK](https://www.lpddoors.co.uk)

BARN

Authentic looking, the primed white Barn door will look amazing in cottage styled houses. Featuring V cut grooves and a diagonal bar across the front, this panelled door embraces its rural look and feel.

VANCOUVER SMOKED OAK

In a warm and welcoming smoked oak, this is a refreshing change to your traditional oak Vancouver. Featuring a ladder style design, the rich, smoked oak finish will excel in your home.

INTERNAL OAK COLLECTION

A versatile choice, oak is
dependable, trendy and
will always look good.

BELIZE PRE-FINISHED OAK SEE PAGE 38

**Bespoke
Service
Available**
on selected ranges

We are delighted to be able to offer special sized doors in most models from this range of doors. Availability is subject to confirmation at the time of enquiry.

PREMIUM
OAK

Our premium oak doors are charmingly stylish, which incorporate high quality features throughout your home. The use of solid timber and bolection moulds on our premium oak doors creates a consistent, high end feel amongst your interior and coming fully pre-finished, they are ready to hang.

IMPORTANT

Due to the unique design of the Manhattan door range, featuring narrow 80mm wide stiles and rails, we have sourced a specialist range of Manhattan hardware to be used in conjunction with the doors. Using alternative hardware could potentially cause significant damage and compromise the doors functionality. Installation guidelines provided with each door must be adhered to.

NB – Manhattan hardware on pages 64-65.

MANHATTAN HARDWARE

Enhance your choice of Manhattan doors with our Manhattan ironmongery range, creating elegance with a loft style, urban vibe. The matt black ensures the creation of a sleek, understated finish. Our various latches are specifically designed with a 53mm latch casing to complement our 80mm stiles. If alternative hardware is chosen for our Manhattan range, please ensure you don't trim the door edge more than 5mm and the latch casing used is no bigger than 53mm. If in any doubt, please contact us for more information.

PREMIUM
COLOURS
COLLECTION

Our premium colour doors are charmingly stylish and incorporate high quality features throughout your home. The use of solid timber and bolection moulds creates a consistent, high end feel amongst your interior. The high quality, contemporary designs are further emphasised by our use of smart and popular colours such as black and grey.

**Bespoke
Service
Available**
on selected ranges

We are delighted to be able to offer special sized doors in most models from this range of doors. Availability is subject to confirmation at the time of enquiry.

PREMIUM
WHITE
COLLECTION

These doors are charmingly stylish and incorporate high quality features throughout your home. The use of solid timber and bolection moulds on our premium white doors create a consistent high end feel. The great quality and modern designs are further emphasised by the use of clean, fresh, primed white, which helps to make your home feel more sophisticated and elegant.

MODERN
WHITE
COLLECTION

Modern, clean and fresh designs make these doors stand out. They are the ideal choice for anyone wanting to spruce up their interior. These doors do require a final finishing which makes them the perfect pick for you if you are wanting to experiment with funky greens or eclectic blues. These doors will really get your guests talking!

DOOR FRAMES

LPD offers a wide range of internal door frames to suit your needs, in both oak and white primed. Easy to put together, these frames, once finished with the top treatment of your choice, will last for years.

We also offer a choice of firedoor linings in hardwood, redwood and oak type finish, along with a range of intumescent strips depending on your requirements. As well as linings, you can choose from a selection of architraves and skirtings in either oak or white to complement your door.

*All FD30 and FD60 capable doors to be fitted in accordance with the relevant fire certificate.

4 x 3 metre lengths.

POCKET DOORS

Pocket doors are designed to allow you to make use of the often unusable space taken up by conventional opening doors. By removing the footprint created by traditional hinged doors, users can typically save 2.6m² per door.

Fast becoming a neat, contemporary solution where space is at a premium, pocket door systems are ideal for living areas, en-suites or office spaces. In fact they can be used anywhere where you do not want a door encroaching into the room.

LPD's engineered cassette system comes to you pre-assembled, to simplify and reduce installation time. It is designed to take most of the LPD range of doors.

THE CASSETTE SYSTEM

Cassette/Pocket:
Made from 0.5mm galvanised steel on the sides and 0.8mm on the top and bottom profile sections. The cassette sides are formed using a single piece of pressed steel and the corrugations spaced from 10mm apart give the cassette excellent rigidity.

Horizontal Profile Sections:
These sections further reinforce the structure and allow plasterboard to be fixed directly to the cassette.

Space Bars:
Space bars are provided for use during installation. The bars slot into the wooden jamb and cassette to ensure they are kept in alignment.

EASY 5 STEP INSTALLATION PROCESS

1. Insert aluminium track
2. Attach jamb and space bars
3. Fix to studwork
4. Apply plasterboard and plaster
5. Insert door

 **Jamb Kit Included**
Available in Unfinished Oak

AVAILABLE FOR SINGLE OR DOUBLE DOORS

- Time Saving Pre-assembled Pocket
- Space Saving
 - Simple Installation
 - Suits Doors 35-44mm Thick
 - Max Weight 100kg
 - Endpost, crosspieces, cassette edge covers, door brushes and seals supplied as standard

INTERNAL FIRE DOORS 🔥

Putting customers first has always been a priority at LPD Doors, and no more so than when it comes to safety. During times of ever more stringent fire safety regulations, we take pride in being able to supply our customers with not only stylish doors, but also ones that meet the necessary safety regulations for internal fire doors.

As market leaders in the door industry, we feel it is our business to ensure we are in a position to give all of the compliance detail required if you choose to purchase a fire resistant joinery product. Installation instructions, fire certificates and general advice will be available to all who request it. We are investing heavily into fire certification in 2020 which will ensure we remain at the forefront within our industry.

Many of the door styles and finishes we offer are available as 44mm thick half hour FD30 capable doors and new for 2020 we have added 54mm thick one hour FD60 capable options in some of our bestselling ranges.

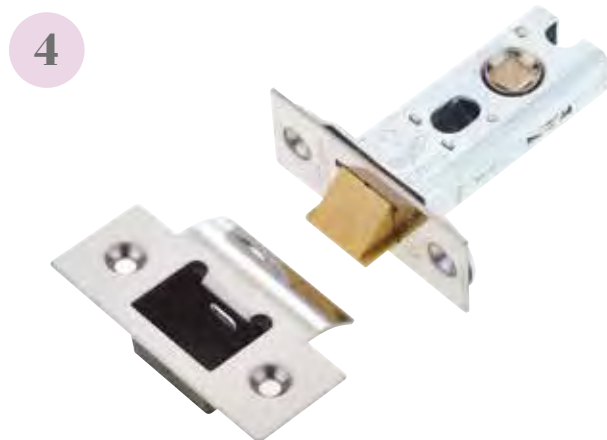

Fire rated single axis hinges EN1935, see page 137.

For Intumescent Strips, see page 138.

Fire Rated Door Frame has pre-cut groove ready to accept intumescent strip, see page 139.

Fire rated latch & lock EN12209, see page 137.

If not purchasing hardware from LPD, it must conform to the following standards:
Latches and locks: EN12209 **Single axis hinges:** EN1935 **Controlled door closing device:** EN1154
All must be CE marked.

 Wherever you see this symbol, we offer that door in a 30 minute fire resistant option.

 Wherever you see 2 fire symbols, we offer that door in a 60 minute fire resistant option.

Please be advised that Fire Doors have limitations when manufactured in bespoke sizes.
Please contact us for assistance with your bespoke fire door sizing.

BESPOKE INTERNAL DOORS

Finding the perfect door is made easy at LPD, and we have always maintained an enviable reputation for offering a wide range of on trend finishes and styles, in many standard sizes.

However, we also offer bespoke, Made-2-Measure door blades in sizes to suit most requirements, whether you want taller or wider, or both! We can offer bespoke sizes up to an impressive 2800mm x 1200mm, providing doors that fit your needs, as well as making stunning statement pieces in their own right.

 Look for this sign to see which doors are available in bespoke sizes.

These larger doors can really make an impact in your home and to further enhance your décor, choose from many of our stock door finishes, just a few of which are shown on page 149.

By mixing the best of bespoke, both size and finish, you can really enhance any living area. For any queries, please contact us and we will do our utmost to accommodate your needs.

Please be advised that Fire Doors have limitations when manufactured in bespoke sizes. Please contact us for assistance with your bespoke fire door sizing.

EASY ORDERING

Just because you need something a little out of the ordinary doesn't mean it needs to be hard work.

Simply follow these four steps and wait for your bespoke door to arrive!

- Step 1**

Contact your local stockist to request an enquiry form. Alternatively email your enquiry to bespoke@lpddoors.co.uk
- Step 2**

Once we receive your enquiry form, you will be sent an official quotation and lead time.

- Step 3**

You will receive a technical drawing and once approved, your door will be put into production.
- Step 4**

Your Made-2-Measure doors are delivered by our own, in-house delivery team.

BESPOKE INTERNAL DOOR SETS

Used mainly for new build, residential apartments or commercial applications, LPD has the ability to supply made to order, specified door sets on a leadtime of 8-12 weeks.

These doors all have three-layer particle board cores with a wide range of veneer options, high pressure laminates or paint finishes.

Door sets are essential to ensure performance for fire protection, sound proofing and durability. Seals and insulation are all vital to ensure the door will function as designed.

LPD door sets can be made with varying fire ratings, DB ratings and with Pas 24.

The process couldn't be easier:

THE MADE-2-MEASURE 4 STEP PROCESS

- Step 1**

Send your specification to bespoke@lpddoors.co.uk, or ask us for a template.
- Step 2**

We will run through all the suitable options with you and finalise your requirements along with a quotation.
- Step 3**

A technical drawing is produced for you to check and sign off on all measurements.
- Step 4**

Your doors will be manufactured and delivered, by our own, in-house delivery team.

Picture used for illustrative purpose only.

POPULAR FINISHES FOR BESPOKE DOORS AND DOOR SETS

Here are some of our most popular finishes, however we can work to many specifications and requirements.

ENVIRONMENT & MATERIALS

Nothing is more valuable than the environment in which we live, and few industries are more closely linked with the environment than timber. LPD takes its responsibilities very seriously, striving to make a positive contribution to minimise the impact of its activities on the environment.

ENVIRONMENT AND FSC®

LPD are wholly committed to the following Environmental Policy:

- To meet or exceed all the environmental legislation that relates to the Company's activities.
- Wherever and whenever economically practicable, endeavour to use environmentally safe materials.
- Where feasible, strive towards the continual reduction of all waste streams, to air, water and land.
- Wherever commercially viable, recycle and reuse any materials that would otherwise go to landfill.
- To regularly monitor energy usage in order to reduce overall consumption.
- To communicate the policy internally and place it in the public domain.
- To establish and regularly review all environmental objectives in respect of this policy.

Being a major force in the timber related industry, we are fully committed to upholding the principles of FSC®, and aligning ourselves with manufacturers who source their materials from well managed forests. We are proud to say that an ever increasing number of our products are FSC® certified, and as we move forward, this will become more prevalent.

DOOR CONSTRUCTION

Most of our internal and external doors are manufactured using engineered component parts. This enables us to provide a product that offers a solid feel, combined with all the advantages that engineering brings in terms of strength, consistency and stability. All of our engineered doors are faced with veneers and matching lippings.

Products marked with the FSC® logo are being sourced from responsible sources. Certified in accordance with the rules of the Forest Stewardship Council®. Only the products in this brochure that are identified as such are FSC® certified.

FINISHING GUIDELINES

EXTERNAL JOINERY

Products taken out of their packaging must be fully decorated straight away. Sand away any handling marks or variations and dust thoroughly before priming or sealing. Ensure that wire wool or other sanding materials containing steel or iron are not used on any of our products. Where necessary it is important that doors and frames are fully sealed on the two faces and all edges. Areas that are cut out for handles, locks, hinges and letter plates etc. must also be fully sealed. These must be in accordance with British standards. Failure to seal products accordingly will invalidate any claims.

Use a proprietary branded Hi-Build stain or paint and treat in accordance with the manufacturer's instructions. Note: Redwood, boarded doors including garage and Paint Grade doors are only suitable for Hi-Build paint finish. Lightly sand between coats to provide the best finish. Ensure adequate drying time is allowed between coats.

The sun can shorten darker colours' lifespan which makes them vulnerable to the elements. Where there are areas of high exposure, cover the external door with a hood, canopy or porch to help create a decorative finish and elongate your doors lifespan. Regular maintenance however, is required to stop the deterioration of the wood, the construction and finish. When decorating the door, take care not to paint or stain weather strips, ironmongery, projecting hinges or moving parts as this could cause damage to the performance of the product.

LPD external joinery is NOT suitable for varnishes, waxes, polishes, dyes, oils including Danish Oil, yacht varnish or lacquers, as the finishes do not protect our products.

INTERNAL JOINERY

Products taken out of their packaging, must be fully decorated straight away. Pre-finished doors however, come already finished and ready to hang. If the door edges are trimmed, they will need finishing with a polyurethane varnish.

Oak timber doors can be decorated with paint, stain, varnish or lacquer. White primed timber doors can be decorated with any good quality paint suited to your property.

LPD internal joinery is NOT suitable for waxes, polishes, dyes and oils etc. Please refer to manufacturer's instructions.

MAINTENANCE GUIDELINES

LPD recommend the following points to maintain and extend the life of your exterior joinery products:

- All joinery products should be washed twice a year minimum with a mild solution of soapy water, and rinsed with clean water. This should be completed at least four times if in a marine or industrial environment.
- All mechanical hinges etc. should be oiled with grease or neutral oils.
- Weather seals should be checked and cleaned often.
- When cleaned, scrape, lightly sand and touch up any areas of wear and tear with a matching microporous paint or stain. Bare wood should be primed first.
- Timber is a natural product so performs slightly differently throughout the year, seasonal adjustment may be required to assure ongoing performance.

THE LPD GUARANTEE

10 YEAR GUARANTEE

When it comes to producing quality doors to stand the test of time, we use only the finest quality materials and manufacturing processes.

We are proud to stand by our doors, and we have no hesitation in offering a conditional 10 Year guarantee against faulty materials or workmanship.

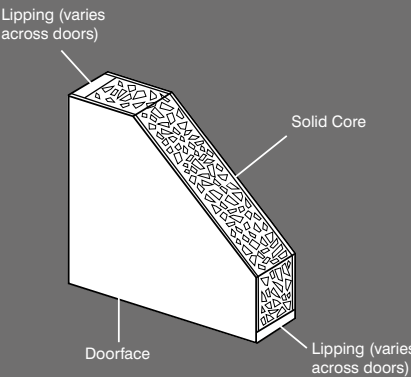

Should one of our doors be found to be defective upon delivery, or develop a fault due to faulty materials or workmanship within 10 Years of delivery, at our discretion we will offer the original purchaser the option of repair, replacement or refund.

Please refer to details online at lpddoors.co.uk.
