our website and download
our main catalogue.

AVAILABLE IN A CHOICE OF STAIN AND PAINT OPTIONS

Unlike some PVC-U manufacturers our timber windows and doors range is available in a choice of standard paint and stain finishes (shown right) with built-in high performance, endurance and quality. Frames are generally available in most standard RAL colours except Signal White, RAL 9003 and no darker than Slate Grey RAL 7015 (shown right, third column).

STANDARD STAIN FINISHES	STANDARD PAINT FINISHES	
OAK	COPPER BROWN	PALE GREEN
TEAK	PURE WHITE	PEBBLE GREY
HONDURAS	GARDENIA	DUSTY GREY
WALNUT	COUNTRY CREAM	SLATE GREY
ROSEWOOD	BUTTERMILK	PASTEL BLUE

NOTE: All Howarth paint/stain finishes are silk and not high gloss.

19MM PLANT-ON BAR

AVAILABLE IN A CHOICE OF PLANT- ON BAR OPTIONS

Plant-on bars are available in widths of either 19mm (left) or 28mm. Both options on all our windows and doors are supplied with plant-on bars to both

internal and external faces of the glass.

DUMMY SPACER BARS

Dummy spacer bars are available as an extra cost option on all plant-on bar ranges, giving the appearance of individual panes

(shown left with 19mm plant-on timber bars.).

AVAILABLE IN A CHOICE OF IRONMONGERY AND WITH THE OPTION OF 'SECURED BY DESIGN'

The Standard Range of window handles is available in White and Black (shown right). Also available in a choice of alternative finishes (shown right) all available at extra cost. For door ironmongery options please refer to our main catalogue.

STANDARD HANDLES
IN WHITE AND BLACKOPTIONAL HANDLES IN
POLISHED CHROME, GOLD
AND SATIN CHROME

High security Approved Document Q compliant 'Secured by Design' locking system is fitted as standard on the Storvik range and is now available as an option on all our windows and doors.

For security options on our door sets, please refer to our main catalogue.

9MM DIAMOND LEAD

9MM SQUARE LEAD

AVAILABLE IN A CHOICE OF LEADING OPTIONS

Leading is available in either 9mm or 12mm thicknesses applied to both sides of the external pane. Square and Diamond patterns (illustrated above) are available as standard.

GUARANTEES

As a result of the improved stability of laminated timber construction we are able to provide guarantees for ten years on our paint finish and six years on our stain finish.

NOTE: All guarantees given in this brochure are subject to limitations and are strictly dependent upon compliance with manufacturers' usage and maintenance instructions. These are available upon request.

TIMBER WINDOWS AVAILABLE IN A CHOICE OF STYLES AND OPTIONS FOR YOUR NEW HOME OR REFURBISHMENT PROJECT

The choice of windows and doors is critical to any project, not only from the point of view of aesthetics, but also contributing to energy consumption, safety and general wellbeing of the occupants.

Selecting the right product, appropriate colour and correct specification to meet your needs, alongside satisfying the legislative requirements of planning and building control, can be arduous. At Howarth, we understand all these contributory factors and our trained team can assist and advise you in your decision-making to ensure the final outcome is exactly to your requirements and aspirations.

Our window ranges offer not only a personal choice, but are also designed to meet criteria which may be imposed under local planning – for example to ensure designs are appropriate to the locality.

We have dedicated area sales managers local to your area, supported by project estimators and an after sales team who together can guide you, your architect and builder from concept stage right through to the completion of your building project.

For all enquiries please contact the Howarth Windows & Doors Sales Office on: **01469 530577**

Alternatively you can email us on: windowsanddoors@howarth-timber.co.uk or visit our website: windowsanddoors.howarth-timber.co.uk

PILKINGTON

Timber. All timber used is laminated Redwood Nordic Pine from well managed yield sources.

Featured self-build project located at Thankerton near Biggar, South Lanarkshire. (near right and below, main photograph) The home owner chose to install Howarth Storvik timber windows, door sets and MAXIVIEW sliding folding doors. These have enhanced the project to give the owner a beautifully finished home.

TIMBER DOOR SETS, SLIDING FOLDING DOORS, PLUS CONSERVATORIES, ALL IN A CHOICE OF STYLES AND SPECIFICATIONS

To complement your choice of windows, Howarth offer a wide range of door options ranging from single leaf, French and Bi-fold doors all of which can be specified to open in or out according to requirements. The addition of a Howarth conservatory can also expand living space considerably and add to the appeal of the property.

For all enquiries please contact the Howarth Windows & Doors Sales Office on: **01469 530577**
