## Deck railing

*The only limit is your imagination*

Richard  
Burbidge

**Trex®**

### *Trex and Richard Burbidge... the perfect mix!*

For the expensive look of an architect-designed garden feature, choose the Richard Burbidge Contemporary Fusion® range. It's a unique and innovative system that brings together an exciting mix of materials and designs to create a simply stunning balustrade for any deck. With options for both ground and raised level situations, it's particularly well-suited to creating a striking balcony too. Ask for more details in branch.

Many more railing systems available. Ask for further details!

## Tools & accessories

**Make fitting your new deck a breeze.**  
*Perfect for all types of decking!*

The CAMO Marksman Pro Narrow Board tool is a heavy duty contractor grade tool. The tool uses a clamping action and positions screws for side-angle entry using the dual screw guides. No pre-drilling is required and your decking will look incredible without any exposed screw heads or visible screw holes.

All prices will revert to normal at the end of the promotional period. Normal list prices for all products featured are available upon request. All offers are subject to availability and are current at the time of going to press. Prices shown are for goods collected ex-works. Delivery by arrangement. Timber is a natural product and therefore colours may vary. All dimensions given are nominal. Pre-agreed special pricing contracts are excluded from these offers. Offers valid while stocks last.

# COMPOSITE DECKING, DECK RAILING..

[View case study](#)

## ***Thermally treated decking***

**With improved stability and durability qualities, thermally treated decking provides added long term benefits and flexibility**

- / Available in thermally treated ash or thermally treated redwood options
- / Lunardeck decking is available in a variety of profiles, and can be installed traditionally using visible fixings or using hidden clip fixing systems via the products pre-grooved finish
- / Thermal treatment improves stability and durability (class 1), whilst helping to eliminate the chance of rot
- / Compared to untreated wood the resistance against mould and rot is considerably improved
- / 100% treatment penetration of boards - eliminates most insect attack and rotting of timber normally caused by fittings
- / Available FSC® certified on request

These products are not available from stock at all branches but can be ordered on short lead times. Please enquire with your local branch for availability.

## ***Reversible hardwood decking***

Hardwood decking provides a naturally durable deck, with a warm colour that is rich and vibrant. It can be easily maintained with the application of deck oil, or allowed to weather naturally over time to an attractive shade.

This product is not available from stock at all branches but can be ordered on short lead times. Please enquire with your local branch for availability.
