# We are PLUMBING & HEATING

**Let us show you how we can make your life easier, support your business and bring quality and value to your projects!**

At Howarth, we can supply whatever you need, from a simple washer, to a central heating system, to personally designed bathrooms. With over 180 years of industry experience, and the addition of plumbing and heating specialists to our teams, we are a true one-stop-shop here to make your lives easier.

With the support of our extensive network of branches, there are various ways we can save you time, money and hassle, including:

- Home or site delivery service
- Advice & design help from builders plans
- EPC & SAP service
- Site visits from dedicated plumbing & heating specialists

Turn to us for all your Plumbing and Heating needs, and we'll help you choose the best products for the job

# underfloor heating

Underfloor heating is easier to install than ever before, it has been designed to work in almost any scenario such as extensions or new build houses, or it can just as easily replace any existing heating systems. Our range of water and electric floor heaters and thermostats can be used with any floor covering from tiles, natural stone, wood and engineered flooring, laminate, vinyl, to even carpet or rug flooring.

## WE PROVIDE

Advice & design help from builders plans

EPC & SAP service

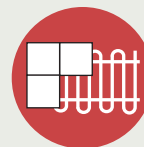

Wet & dry options

## SMART AUTOMATIC CONTROLS

Control your underfloor heating with wall mounted thermostats, simple manual thermostats or the latest, remotely accessible Smart Thermostats and apps.

## WHY YOUR CUSTOMERS WILL LOVE IT

WALL SPACE EFFICIENCY

SUSTAINABLE RADIANT WARMTH

REDUCED ENERGY BILLS

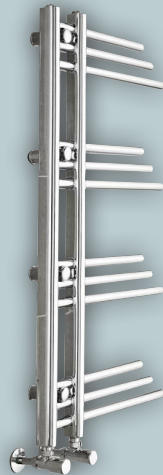

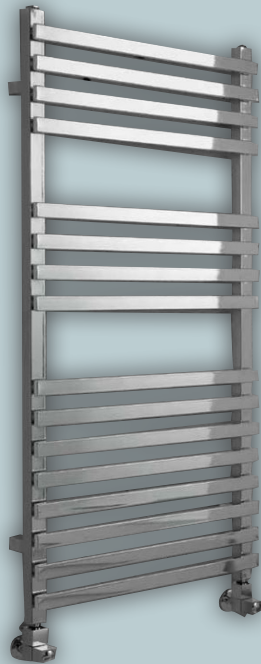

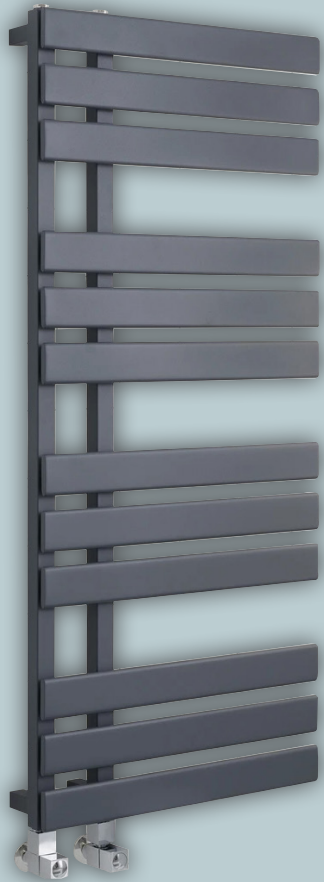

LOW CARBON HEATING

Ask in branch for help choosing the right underfloor heating for your next project.

# TOWEL RAILS

A modern update on the traditional steel panel radiator. Available in a variety of sizes, styles and colours to suit every bathroom installation, all offering excellent levels of heat output.

WIDE SELECTION  
OF COLOURS

EXTENSIVE RANGE  
OF SIZES

ADVICE & DESIGN  
HELP FROM  
BUILDERS PLANS

UP TO A 10 YEAR  
WARRANTY

# RADIATORS

WIDE SELECTION  
OF COLOURS

EXTENSIVE RANGE  
OF SIZES

ADVICE & DESIGN  
HELP FROM  
BUILDERS PLANS

UP TO A 15 YEAR  
WARRANTY

Not all projects are the same, and whether you need a traditional compact radiator, a timeless classic like the column collection, or even something more ultramodern like our designer collection - then we can help. Regardless of the style, all our products are built to last and are manufactured using only high quality steel.

*don't forget valves*

## *designer*

With vertical wall space saving options and exceptionally high thermal efficiencies this will complement any project

## *compact*

As the UK's most popular radiator style, we have a massive range available - whatever your project requirements we can help.

## *column*

A timeless classic, available in either horizontal or vertical, to create charm and character to a period home

## *column*

# ABOVE & BELOW

ground drainage systems

We have carefully selected our drainage range so that we can offer you only the best systems; each designed to facilitate fast, efficient installation and exceptional reliability, to save you time, make the job easier and save you money. Developed and manufactured with quality and innovation in mind, our range offers a complete solution to all above and below ground drainage solutions including:

- Rainwater Drainage
- Below Ground Drainage
- Soil Drainage
- Waste Drainage

## Rainwater Systems

Drain & Sewer  
From 110mm  
to 400mm

Solid Wall  
Ducts

## Cast Iron Effect Systems & Modern Anthracite

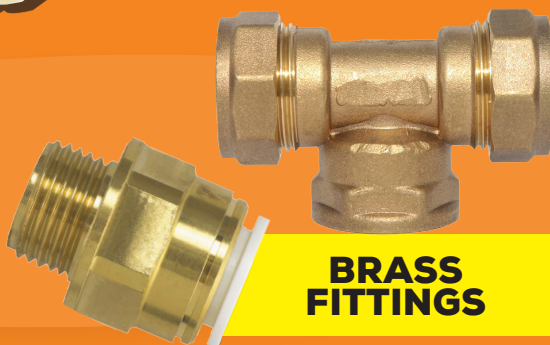

Affordable cast iron effect drainage systems, available in a variety of colours. Enjoy the full appearance of cast iron with all the benefits of modern plastic products.

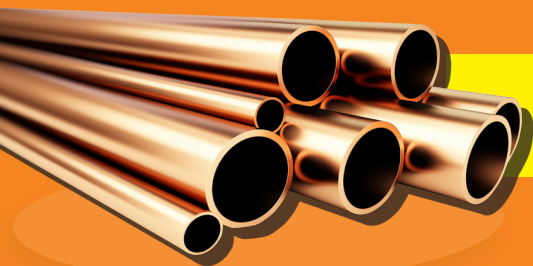

# pipe & fittings

As your true one-stop-shop, you can turn to us for all your everyday pipe and fitting needs. From water mains and MDPE, compression, end feed, capillary or even plastic plumbing, you can guarantee that everything we offer is WRAS approved and designed to be quick and easy to use.

**BRASS  
FITTINGS**

**COPPER PIPING  
& FITTINGS**

**PLASSON®**

FITTINGS**

**John Guest®  
Speedfit®**

**PLASTIC  
PLUMBING**

# RENEWABLES

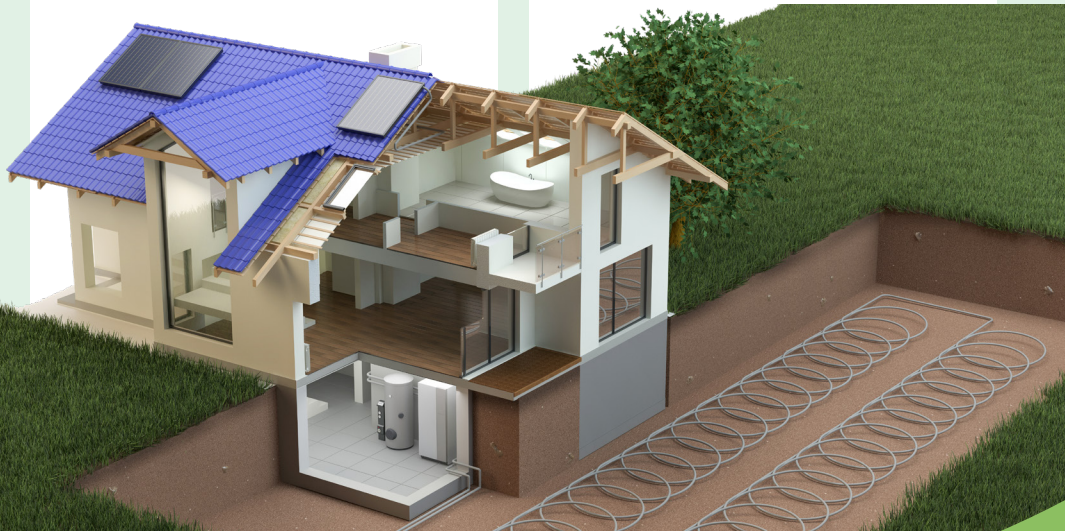

Let us help you incorporate energy saving renewable technology into your project to meet EPC requirements. From rainwater harvesting, biomass boilers, to air and ground source heat pumps we can help improve energy efficiency in your build project.

## Why your customers will love it

- £ Lower heating/energy bills
- Lower carbon emissions
- Grants from the government renewable heat incentive

## How we can help

- SAP & Building Compliance
- Dedicated on-site support
- Design & indemnify your proposed heating & ventilation

### SOLAR THERMAL SYSTEMS

Offering a very high zero-loss collector efficiency figure of 85%.

### AIR SOURCE SYSTEMS

They produce on average 4x the amount of energy than they use.

### GROUND SOURCE SYSTEMS

A well installed system can be 300-400% more efficient in terms of its electricity.
